

## Wadkin Knife Steel Range

*(All bars are 25" long and 5/16" thick)*

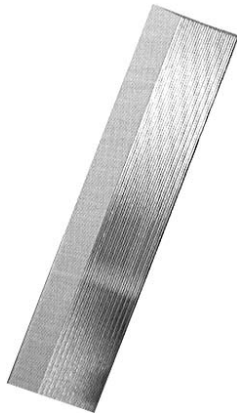

### M-2 HSS

High quality, 6% tungsten steel for short to medium runs.

We recommend using Wadkin grinding wheels WAD-GW203 or WAD-GW204N or equivalent for other grinding machines.

Part #	Width in Inches
CHS6353508	1-1/4"
CHS6354058	1-1/2"
CHS6354508	1-3/4"
CHS6355008	2"
CHS6356008	2-1/4"
CHS6356508	2-1/2"
CHS6357008	2-3/4"

### T1 HSS

Higher quality, 18% tungsten steel for long runs and jointed applications.

We recommend using Wadkin grinding wheels WAD-GW203 or WAD-GW292N or equivalent for other grinding machines.

Part #	Width in Inches
CHS635358T	1-1/4"
CHS635408T	1-1/2"
CHS635458T	1-3/4"
CHS635508T	2"
CHS635608T	2-1/4"
CHS635655T	2-1/2"
CHS635708T	2-3/4"

EASY TO GRIND!

## WOOD TECH FILLER STOCK

Filler Stock (dummy knives) and backing plates are used in all 60 degree corrugated heads to better maintain head integrity.

Filler stock is precision ground and is used to balance the cutterhead when not all knife slots are being used.

Backer plates can be used to place thin knives in a corrugated head.

Product Number	Description
FS51006	25" x 5/16" x 15/16" Filler Stock
FS41006	25" x 1/4" x 15/16" Filler Stock
BP81006	25" x 1/8" x 1" Backer Plate
