

## Weinig Double-Back™ Carbide Knife System

The Weinig Double-Back™ carbide knife system is an industry leader in high-production planing and moulding of abrasive materials. With the introduction of the Weinig Double-Back +3™, our carbide knife system became even better.

A modification in the system's micro-corrugations provides three additional knife movements, making available a total of nine knife movements.

Solid Tungsten carbide blank knife and steel backing plate set 16-60 degrees precision crush-ground corrugations. Thickness 3/8"

Product #	Width Inches	Width mm	Working Length Inches	Working Length mm	Maximum Profile Depth	
WEI-700430	1-1/2"	38	1-9/16"	40	Planing Only	
WEI-700431	1-1/2"	38	2-23/64"	60	Planing Only	
WEI-700432	1-1/2"	38	3-9/64"	80	Planing Only	
WEI-700433	1-1/2"	38	3-15/16"	100	Planing Only	
WEI-700435	1-1/2"	38	5-1/8"	130	Planing Only	
WEI-700437	1-1/2"	38	5-29/32"	150	Planing Only	
WEI-700439	1-1/2"	38	7-3/32"	180	Planing Only	
WEI-700441	1-1/2"	38	9-1/16"	230	Planing Only
