Maka Mortise Cutters

Forest City Tool can manufacture both High-Speed and Carbide Tipped Maka Mortise Cutters to your specifications. These cutters can be furnished straight or offset, for either the large or small Maka Heads.

Order Specifications:

1. Kerf or Slot Width
2. Cutting Edge Length or slot length
3. Overall length
4. Carbide-Tipped or High Speed Steel
5. Make or Model Number of Maka Machine
6. Offset Cutters - Please specify in inches or millimeters how much these cutters are to be offset. (This is the distance from the center of the cutting edge to the center of the bolt holes.

Maka Mortise Cutters that cut 2" (50mm) or greater depth, we recommend that they have chiplifters for easy chip removal.
