DADO BLADE SETS – *Multiple Award Winners!*

Freud SD600 Series – Dial-A-Width Dado Set

The Dial-a-Width Dado set performs like a stacked dado, but we have replaced the shims with a patented dial system and with our exclusive Dial hub, ensures accurate adjustments. For the serious woodworker, there's nothing better.

- Very precise • Adjusts in .004" increments with each "click."
- Maximum 29/32" cut width. • Easy to use • No shims needed!
- Adjusts easily to right or left operating machines.
- Sets includes 2 outside blades, 5 chippers, wrench and carrying case.

| Part No | Dia. In. | Bore In. | Teeth | Chippers |
|-----------|----------|----------|-------|---------------------|
| FRD-SD606 | 6" | 5/8" | 24 | (4) 1/8", (1) 3/32" |
| FRD-SD608 | 8" | 5/8" | 24 | (4) 1/8", (1) 3/32" |

Freud SD500 Series – Super Dado Set

Use on all table saws, and radial arm saws for cutting slots, grooves, dados and rabbets in softwood or hardwood.

- **Chip free Dadoes in veneered plywoods and laminates**
- Super-Smooth flat bottom • Includes shim set
- Includes 3/32" thick chipper to handle undersized plywood. More adjustments!

| Part No | Dia. In. | Bore In. | Teeth | Chippers |
|-----------|----------|----------|-------|--------------------------------|
| FRD-SD506 | 6" | 5/8" | 20 | (4) 1/8", (1) 3/32", (1) 1/16" |
| FRD-SD508 | 8" | 5/8" | 24 | (4) 1/8", (1) 3/32", (1) 1/16" |

Freud SD200 Series – Pro Dado Set

Freud's quality and craftsmanship in a stacked dado set, but at a wobble dado price! The negative hook angles make flat bottom grooves and virtually splinter-free cuts. This resharpenable set will produce grooves from 1/4" to 13/16" in 1/16" increments.

- Anti-Kick-Back design. • Includes shim set, carrying case & instructions.
- Ideal for underpowered saws. • Includes two outside blades and five 2-wing chippers.

| Part No | Dia. In. | Bore In. | Teeth | Chippers |
|-----------|----------|----------|-------|---------------------|
| FRD-SD206 | 6" | 5/8" | 10 | (4) 1/8", (1) 1/16" |
| FRD-SD208 | 8" | 5/8" | 12 | (4) 1/8", (1) 1/16" |
