

REPAIR SERVICES

Please call to schedule service and get A "RGA" number for fast turnaround.

Cutterhead Repair

Wood Tech offers cutterhead repairs for damaged heads. Services include dynamic balancing, re-sleeving of hydro-loc heads and general repairs.

Grease Gun Repair

Our repair service can bring new life into a worn-out grease gun. OEM replacement parts are used to get your high pressure gun back into service.

Spindle Repair

High precision and standard spindle repair services are available for moulders and profile grinders.

LINEAL FOOTAGE COUNTER

Wood Tech Enterprises offers a heavy-duty lineal footage counter that consists of three parts: a bracket, wheel, and counter. Please let us know when ordering if you want clockwise or counter clockwise rotation.

Product Number	Rotation	Max Count
5H81RCL	Clockwise	99999 Feet
5H81RAC	Counter clockwise	99999 Feet
