Wood Tech Enterprises offers replacement Drive Belts for Weinig, SCMI, Wadkin and other machines.

- Original replacement belts and heavy duty belts
- Belts available for any application
- Flat belts, V-belts and timing belts available
- Panther belts are seamless endless belts for superior life and smoother running in high speed machine applications, use on moulders will improve surface quality because no seam is present to "bump" over the pulley.

Many other sizes available from stock. Please call with size requirements or machine model and serial number to simplify ordering.
