

The CABINATOR™ PRODUCTION DOOR SET

Due to the success of our other cabinet tooling, we are now pleased to offer a new Cabinet Set geared for today's moulders and shapers. For 3/4" up to 1" thick stock.

- **Heavy-Duty Steel Bodies**
- Multiple Profile Choices Increases Versatility
- Designed for production cabinet applications
- For moulders, large shapers and tenoners
- Multiple bore options available including 1-1/4", 1-1/2", 40 mm, 1-13/16"
- Eased edge on panel groove **aids finishing by preventing finish build-up at panel joint**
